## PRaises THIS CITY

### DOES MR. SHEPARD.

J. D. Babbage, Cloverport, Ky., My dear sir:—You will probably remember me as the chairman of the relief committee whose duty it was to bring to your city the donation of \$5,000 to your citizens after your great fire.

But it's not of that disaster that I wish to talk. My health is broken, my money nearly all gone, and I wish to get out of the city and into the country where I can do small farming and raise chickens and turkeys.

I like very much the locality of Cloverport. Your people appear to be an energetic, clever, honest, hard-working, Christian class: a community that is desirable to get into. For that reason I wish to ask you if it would be possible for me to buy a small farm of from 20 to 40 acres near Cloverport, and, if so, the probable cost. I do not want a costly place as I have not the capital.

Kindly remember me to Mayor Barry. Mr. Hudson and the rest of my friends, and, if it be not too much to ask, answer as soon as possible.

With kind wishes for the success of yourself and your pretty little city.

I am yours respectfully,

C. E. Shepard,

2920 Stratton avenue, Louisville Ky.

## PROMINENT MEN.

A number of prominent men passed over the Henderson Route last week. Among them were Dr. Silas C. Swallow of Pennsylvania, Prohibition candidate for President, who was en route to Evansville Wednesday to speak; Senator A. J. Beveridge, of Indiana, en route Thursday morning to Tell City, to speak; Senator Ben Tillman, the "Pitchfork Statesman," of South Carolina, en route Wednesday to Tell City, to speak; and Governor J. C. W. Beckham, en route to Louisville Friday morning, from Owensboro where he spoke Thursday night.

The most prominent of the distinguished gentlemen who passed through the city last week was Senator Chas. K. Fairbanks, Republican candidate for vice-president, who passed through the city early Saturday morning on a train en route from Evansville to Louisville.

## Many Babies Die

From Croup every winter. Mothers, protect your dear little ones by keeping in the house a bottle of Paracamp. When Croup is coming on, give a few drops internally, apply freely to the throat and chest. It cuts the phlegm, draws out the fever and inflammation almost instantly. It is safe and sure.

## BRING FANCY PRICE.

Two car loads of the finest cattle brought to the Louisville market in ten years were sold at the Bourbon Stock yards Saturday, the sale price being \$6.10 per 100 pounds, live weight. They averaged 1,383 pounds.

These cattle were bought in Louisville two years ago last March by W. D. Calloway, of Henry county, and have been corn-fed ever since. When Mr. Calloway bought them they weighed a fraction over 1,000 pounds, and during the high-priced times of 1902 he was offered \$6.50 per 100 pounds for them.

The cattle were bought last week by Henry Knight and shipped to Louisville.—Courier-Journal.

## A Runaway Bicycle

Terminated with an ugly cut on the leg of J. B. Ornor, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for burn, Scalds, Skin Eruptions and Piles. 25c, at Short & Haynes, Drug Store.

## STIRS UP REPUBLICANS.

Hodgenville, Ky., Nov. 4.—John P. Haswell, of Breckinridge county Republican elector for the Fourth district, spoke in the interest of the Republican ticket at the Courthouse here this afternoon to a good sized audience. His speech was filled with splendid argument, and was delivered in a pleasing and most excellent manner. Mr. Haswell made a good impression on the people, and leaves the Republicans of LaRue full of confidence that a victory will be won next Tuesday.

## CITIZENSHIP RESTORED.

Mike Bark, who recently returned from Eddyville, has been restored to citizenship by executive clemency and is now entitled to vote and exercise full civil rights.

## SECOND EDITION.

# ROOSEVELT AHEAD.

Election Conceded by New York Papers; Parker Sends Congratulations; Roosevelt's Statement.

## RESULTS OF OTHER ELECTIONS.

Indications are that the presidential election yesterday resulted in a landslide to Roosevelt and Fairbanks.

The World and the Journal of New York and the Brooklyn Eagle last night conceded that Roosevelt carries the nation.

The New York Journal says Parker has sent a message of congratulation to Roosevelt.

An Associated Press dispatch, received here about 1:30 this morning from Washington, says:

"President Roosevelt tonight, after the election returns clearly indicated his election, issued the following statement: 'I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the fullest the solemn responsibilities this confidence imposes on me and I shall do all that in my power lies not to forfeit it. On the fourth of March next I shall have served three and a half years and this three and a half years constitute my first term. The wise custom which limits the president to two terms regards to substance and not to form. Under no circumstances will I be a candidate nor accept another nomination'."

## STATE DEMOCRATIC.

Dispatches received here late last night state that the chairman of the Democratic State committee claims the State by 15,000 to 20,000 majority and 10 out of 11 congressmen. Returns from many precincts indicate the same results.

## SMITH WILL WIN.

Four counties complete and five incomplete, in the Fourth congressional, early this morning, give D. H. Smith 3,767 votes and B. L. Bruner 2,739. It is conceded that Smith will win, as the district is largely Democratic.

## FIRE ON SHERIFFS.

Brandenburg, Ky., Nov. 2.—Two unknown white men, who are said to have stolen a skiff from near New Albany, opened fire on Sheriff William Baskett and W. H. Hagar, of this place, while resisting arrest on the river this afternoon.

When Sheriff Baskett commanded the men to halt both drew their revolvers and fired. The Sheriff and his companion, being unarmed, were forced to retreat, and by the time they secured revolvers and were again ready to give chase the robbers had disappeared down stream. Their skiff was later found near Mauckport, five miles below Brandenburg, tied to a clump of bushes. It is supposed that the strangers took to the woods near by thus making their escape.

No one was injured by the shots fired by the two desperate men, although the bullets whistled dangerously near the Sheriff and his companion.

## IMPORTANT RULING.

Frankfort, Ky., Nov. 4.—In reversing a judgment of the Boyd circuit court in a case of Boyd county against Jack Arthur and others, the appellate court today ruled that the fiscal court is without authority to authorize its members to serve as supervisors of roads for the county and cannot be paid for such work. It further holds that the statute contemplating the appointment of but one supervisor of roads by the fiscal court, and not one for each magisterial district, and that the fiscal court has no authority to allow the members any other compensation than that fixed by law. It also holds that where the county attorney refuses to prosecute an appeal the county judge may do so.

## "STAY IN KENTUCKY."

C. M. Bradley, of Marshall, Texas, who is well known in this county, where he formerly resided, writes the News an interesting letter for which we have not space this week. Mr. Bradley in his postscript says: "I forgot to tell the boys and girls who have homes in Kentucky, to stay with them and be satisfied. You have heard a great deal about Texas. So have I, and I had a few years experience. Again I say: By all means, stay in Kentucky."

## STOCK LAW LOSES.

Returns from the twenty-one precincts of the county indicate that the stock law was defeated by a small majority.

## COUNTY REPUBLICAN.

Roosevelt and Bruner carry Breckinridge county by about 250 majority.

## TIE IN THE CITY.

The three local precincts polled a vote of 296 each for Parker and Roosevelt.

## TOBINSPOUT WINS.

Tobinsport defeated Cannelton, by a score of 10 to 4, in a game of baseball on the former's grounds Sunday afternoon. But Tobinsport didn't defeat "Cannelton proper" and in this respect the game was a disappointment. Only one or two of Cannelton's Ponies were in the team that played Tobinsport. If all the Ponies had been on hands there would have been a better game and the score might not have been in Tobinsport's favor. A town with the baseball talent that Cannelton has at her command should not have permitted such a team as played Tobinsport to go away from home and up against players like the "Pumpkin Rollers". It wasn't treating the Pumpkin Rollers right.

## Cured Of Eczema.

Mr. Dan A. Briggs, Glasgow, Ky., says: "About two years ago, I had Eczema so bad that I could scarcely sleep at all. I purchased a bottle of Paracamp and made not over one dozen applications, when I was entirely well. I highly recommend Paracamp for all irritations of the skin and would not be without it in my home." Paracamp soothes, cools and heals. Try a 25c bottle.

## TO LAST THREE MONTHS.

Scarcely will the footfalls of millions of sight-seers cease to echo through the world's fair buildings, and the merry shouting and laughter of the Pike be hushed, when there will arise another sound—a mighty crash and roar—and the relentless hand of destruction will begin the giant task of demolishing the material of the Louisiana Purchase exposition, says the St. Louis Post-Dispatch. The work will be sudden, swift and thorough, for within three months' time after the closing day, the 200 world's fair buildings are to be razed to the ground.

## MOST SOBER CROWD.

Brandenburg, Ky., Nov. 8.—Special.—There was a large crowd in town Wednesday to attend the rally and hear Gov. Beckham and Judge Caruth speak. It was said by many that it was the soberest crowd ever seen at a rally in Brandenburg. So much for a dry town.

## TWO ODD PETITIONS

### TO TOWN'S FATHERS.

The principal topic of conversation on the streets Tuesday, aside from the election, was the two odd petitions submitted to the city council at its regular meeting Monday night. Dr. J. T. Owen submitted a petition, with a large number of signers, praying that pigeons be prohibited from flying over the city, as a sanitary measure. C. W. Moorman, Sr., as a burlesque on the former petition, submitted a petition praying that English sparrows be prohibited from flying over the city. Both petitions were referred to the ordinance committee, and they are virtually killed.

Many amusing comments on the two petitions were heard on the streets Tuesday morning.

Besides the reading of the above petitions, little of importance occupied the attention of the council at its meeting Monday night.

## KENTUCKY'S RECORD.

St. Louis, Mo., Nov. 4.—Kentucky, famous for the quality and quantity of whiskey it produces, has made a record on the water wagon, as will be evidenced by the statement that at the close of the Louisiana Purchase Exposition nearly 800,000 gallons of water will have been consumed in the Kentucky building at the World's Fair.

No whiskey has been bought by the Kentucky Commission, and all that has been used is the gift of distillers of that State.

No Kentuckians have been arrested either by the Jefferson Guards or the World's Fair police, upon any charges whatever since the opening of the exposition. Several citizens of that State are on the Jefferson Guard, and they have proved to be of the very best service to the officers.

## MARRIED AT SIGHT.

Mrs. Margaret Kay, of near this city, and Noah Randall, of White Sulphur Wells, Ark., who were married recently in Hawesville, will leave soon for Malvern, Ark., to reside. It is reported that Mrs. Kay and Mr. Randall were married on the first day they ever saw each other, though they had exchanged photographs. Mrs. Kay was the widow of the late Henry Ray.

## L. R. C. REORGANIZES.

The Ladies' Reading club held its first meeting for the year of 1904—5 at the home of Mrs. R. E. Moorman last Thursday afternoon. The club was reorganized but officers for the ensuing year were not elected because of the small attendance. New officers will be chosen next Thursday afternoon, when the club meets with Mrs. W. H. Bowmer.

## AT BRANDENBURG.

West Point, Ky., Nov. 5.—Senator Fairbanks' special train was delayed for more than three hours today by a freight wreck near Brandenburg. As a consequence, the schedule which called for upward of a dozen speeches through Indiana, ending with a night meeting in Indianapolis, was considerably cut.

## MEADE RURAL ROUTE.

A rural free delivery route has been ordered established December 1 at Brandenburg, with one carrier. The area covered is nine square miles with a population of 292.

ROYAL BAKING POWDER CO., NEW YORK.

## TURKEY \$3 PER.

Thanksgiving without a turkey does not sound pleasant, but there will be many a housewife who will think twice this year before she adds turkey to the menu for the national holiday. Already the commission men are watching the signs of the times, and it is prophesied that turkey will, this year, bring a higher price than for two years past. Why turkey should soar in price is easily explained. Even now with the limited demand the supply of turkeys is far from plentiful, and by Thanksgiving dealers say the shortage will amount to a scarcity. The cold wet spring played havoc with the turkey "crop" and there was but a small per cent of the large broods that lived through the rigors of the cold rains. In other words the turkey for the Thanksgiving dinner will cost in the neighborhood of \$3 of hard earned wages.—Ex.

## Thousands Cured.

DeWitt's Witch Hazel Salve has cured thousands of cases of piles. "I bought a box of DeWitt's Witch Hazel Salve on the recommendation of our druggist," so writes C. H. LaCroix, of Zavalla, Tex., "and used it for a stubborn case of the Piles. It cured me permanently." Sold by All Druggists.

## DRYEST MONTH.

The month of October, which closes to-day is the driest in the history of the local Weather Bureau, the total rainfall for thirty-one days amounting to only .27 of an inch. This is the smallest amount of precipitation recorded at the Louisville forecast station since its establishment thirty-four years ago.

The month which nearest approaches the present one for scanty rainfall was October, 1891, when .35 of an inch of rain fell. Showers occurred on only two days this month.—Louisville Times.

## THE COST OF WAR.

Russia's weekly expenditure in the war with Japan is \$5,486,250. Britain's war in South Africa, which cost all told the quite respectable sum of \$1,059,470,000, worked out at \$7,500,000 a week. France footed the heaviest war bill on record, the cost of her terrible conflict with Germany being \$1,580,000,000, or over \$35,000,000 a week. The total cost of the Crimean war was \$1,565,000,000, of which Russia paid \$700,000,000, France \$465,000,000 and England \$390,000,000. The weekly expenses of the three countries were: Russia \$7,000,000; France \$4,500,000; England, \$3,500,000.

## BOYS LEG AMPUTATED.

Dr. A. A. Simons and Dr. J. T. Owen amputated the right leg of a nine-year-old son of Hiram Holmes, who lives near Patesville, last Saturday. Dr. Simons performed the operation, assisted by Dr. Owen. They were called in consultation by Dr. Frymire, of Patesville.

About two weeks ago young Holmes broke his leg in two places while riding on the rear of a buggy the member being entangled in the under part of the buggy. The member was set by Dr. Frymire and the patient was getting along very nicely until last week, when gangrene set up from the knee down, and the amputation of the leg above the knee was found to be necessary.

A large amount of tomatoes were raised at Skillman this year for the J. T. Polk company's local branch canning factory, the tomatoes being towed to this city by Capt. T. F. Sawyer's gasoline boat. Some of the crops were very good, one or two averaging 350 bushels per acre, meaning \$50 or \$60 to the grower.

## OUR WHEAT CROP.

Six hundred and thirty-seven million bushels of wheat is our average wheat crop. One-fifth the whole world's output: enough wheat, made into bread, to provide one and one-third loaf for every inhabitant of the United States daily for a year. enough wheat made into flour leaves a foot long to girdle the earth.—The World's Work.
